WATT METER

DESCRIPTION

Introduction:

The DB-205A “Wattmeter” is electro-dynamometer type, this instrument is designed and reliable for laboratory use in AC voltage and frequency from 45 to 65 Hz.

Specification:

- Place of Origin: Dhaka, Bangladesh
- Brand Name: db-tech
- Model Number: DB-205
- Display Type: Analog
- Measuring Range: 0-500W, 0-1000W, 0-1500W, 0-2500, 0-5000W
- Accuracy Class: 1.5
- Supply Voltage: 50V, 100V, 220V, 380V
- Operating Temperature: -20~50C
- Dimensions: 96*96, 72*72
- panel meter: power meter
- certificate: CE, CB
